Damion Frye, Interim Lead Administrator/Principal

June 6, 2019

Dear M.E.T.S. Charter School Newark Community,

Over this past year, the School Administration has monitored how the current school location at 570 Broad Street has impacted the educational success and safety of our students. Although the building offers many amenities, it lacks some fundamental aspects needed to successfully run a full high school program. The major aspects that are missing include a gym, areas for students to be outside during the school day, and the potential for the school to become a central place for the community to hold events.

We are happy to announce that today the Board of Trustees elected to end our lease at 570 Broad Street and relocate to 746 Sanford Avenue, Newark, NJ 07106. This facility will offer our students a full-sized gym on site, a very safe neighborhood, and the ability to offer additional elective programs such as Visual Art and Computer Programming. Even more exciting, M.E.T.S. Charter School will finally be able to host home athletic events for our volleyball and basketball teams!

If you are planning on your child returning to M.E.T.S. Charter School for the 2019-2020 school year, please work with your child to plan the best route to school as to ensure they are on time every day. M.E.T.S. Charter School is committed to improving the quality of education and the safety and security of our students. We look forward to welcoming you to our new home in August. See you on Monday, August 26th for the first day of school.

Regards,

Mr. Damion Frye  
Interim Lead Administrator/Principal
